

# VANSHIT GAUR

Computer Science Undergraduate | AI Systems | Backend Development | Open Source

+91 9520781164 | vanshit2509@gmail.com | LinkedIn | X (Twitter) | GitHub | New Delhi

## PROFESSIONAL SUMMARY

Computer Science undergraduate with experience in backend development, AI system testing, and open-source contributions. Proficient in Data Structures and Algorithms, with hands-on experience in modern web technologies and a strong interest in building scalable, reliable AI-powered systems.

## WORK EXPERIENCE

### Open Source Contributor

Jan 2026 - Apr 2026

Open Source Projects

Remote • Global

- Contributed to MusicBlocks, Sugar, and Resonate during GSoC preparation.
- Submitted pull requests, participated in code reviews, and engaged in technical discussions.
- Utilized Git, GitHub, and debugging tools for collaborative open-source development.

**Technologies / Skills Used :** Git, GitHub, Python, JavaScript, Open Source, Version Control

### Backend Development Intern | Internship

Mar 2025 - Aug 2025

SuperManager AGI

Remote • Roorkee, Uttarakhand, India

- Developed and validated over 50 JSON payloads to enhance AI-driven workflows and backend services.
- Engineered backend solutions using Node.js to optimize data processing, payload management, and workflow integration.
- Debugged backend configurations and API payloads, ensuring data consistency.
- Collaborated with developers to implement features that improved backend performance and reliability.

**Technologies / Skills Used :** Node.js, JavaScript, JSON, Git, GitHub, API Payloads

### Software Test Engineer | Internship

Sep 2024 - Mar 2025

SuperManager AGI

Remote • Roorkee, Uttarakhand, India

- Designed and executed over 100 prompt-based evaluation test cases for AI systems.
- Conducted functional and exploratory testing by identifying, documenting, and reproducing bugs.
- Maintained testing reports and evaluation data using Microsoft Excel for effective issue tracking.
- Collaborated with developers to validate fixes and enhance AI quality through model output analysis.

**Technologies / Skills Used :** Microsoft Excel, Quality Assurance, AI Testing, Bug Reporting, Documentation

## EDUCATION

| Year                | Degree               | Institute                                                  | CGPA/MARKS |
|---------------------|----------------------|------------------------------------------------------------|------------|
| Aug 2024 - May 2028 | B.Tech CSE (AI & ML) | Guru Jambheshwar University of Science & Technology, Hisar | 8.79       |

## PROJECTS

### Department Workflow & Academic Operations Platform (DWAOP) | GitHub

Full Stack Developer

- Developed a full-stack platform to digitize departmental workflows and centralize academic operations.
- Built secure backend APIs, integrated a responsive frontend, and implemented authentication with role-based access control.
- Designed scalable data models and optimized application logic for workflow automation, task tracking, and record management.

**Technologies / Tools Used :** TypeScript, React, Node.js, Express, MongoDB, Tailwind CSS, REST APIs

### MT5-Exness Trading Automation | GitHub

Backend Developer

- Developed backend automation scripts to integrate MetaTrader 5 with Exness, streamlining automated trading workflows.
- Processed structured market and account data using JSON to enhance trade execution efficiency.
- Implemented reusable backend modules with logging and exception handling, ensuring reliable and maintainable automation.

**Technologies / Tools Used :** Python, MetaTrader 5, REST APIs, JSON, Git

### SignSubtitles – AI-Based Sign Language Recognition System | GitHub

Machine Learning Engineer

- Engineered a real-time sign language recognition pipeline utilizing TensorFlow, MediaPipe, and OpenCV.
- Trained and optimized LSTM and RNN models to accurately identify sequential hand gestures from extracted landmarks.
- Integrated trained models with a TypeScript/React frontend to provide real-time subtitles for sign language.

**Technologies / Tools Used :** Python, TensorFlow, OpenCV, MediaPipe, LSTM, RNN, TypeScript, Node.js

## SKILLS

**Programming Languages :**

C, C++, Java, Python, JavaScript, TypeScript, SQL

**Frameworks & Libraries :**

React, Node.js, Express, Next.js, Tailwind CSS, TensorFlow, OpenCV, MediaPipe

**Tools & Platforms :**

Git, GitHub, Docker, Kubernetes, Postman, CI/CD, Jira, MetaTrader 5

**Databases :**

MySQL, SQLite, MongoDB

**Soft Skills :**

Problem Solving, Analytical Thinking, Team Collaboration, Adaptability, Communication, Leadership

**Languages :**

English, Hindi
